OVERVIEW

- Thermal Regulating Insulation - Including sports insulation for the perfect balance of warmth and breathability, resulting in maintained warmth. This spec of insulation would normally only be found in sports clothing, however, we have used it for the outstanding thermoregulating performance that it has.
- Certified Warmth - Certified to EN 14058, The Active Chill Gilet is designed to enhance the performance of those working in indoor areas that are at a controlled temperature of +5°C to -5°C
- Lightweight - The materials and insulation have been picked for maximum performance and low weight.
- Used in +5° to -5°C 'chilled' areas and favoured by those in higher activity job roles due to its breathability, flexibility and lightweight.
- Clo Insulation.
- High fleece collar.
- 3 Internal pockets.
- 5 external pockets.
- Elasticated waist.
- YKK zipper.
- Highly visible yellow fabric.
- Areas for logo embroidery front and back.
