## DESCRIPTION

---

These are the perfect thermal base layer long johns, offering fantastic thermal protection from the cold. Luxury thermal long johns, designed specially to fit close to the body, they deliver an unrivalled warmth and flexibility without compromising your comfort.

Thermal Long Johns for Men or Women For those seeking men's or women's long johns, this unisex product is ideal. Initially designed for sub zero-temperatures, this high quality garment can be easily fitted underneath thermal trousers to provide an extra layer of protection from the cold. Invest in high quality, designer-style black long johns, from the UK's leading thermal garment manufacturer, delivering a degree of comfort and service life that cheaper alternatives cannot match.

- High wicking fabric - Regulates your core temperature by keeping you cool when you're sweating and when you're cold
- Long & Elasticated Ankle Cuff - To prevent cold air rising up leg
- Overlocked Seams - Advanced stitching technique for strong stretchable seams
- Ergonomically shaped - For maximum comfort and minimum fatigue.
- Super-light weight - To give complete comfort
- Unisex design - To allow the long johns to be worn by anybody
- 80% Poly/ 20% Viscose - No shrinkage or colour loss from washing
- Easy Care - Machine washable
