OVERVIEW

Benefits of the Endurance Active Jacket

- Manufactured in Europe
- Vivo Teknica insulation increases the breathability up to 30% providing a perfect balance between warmth and breathability. By using this insulation in high sweat areas, we have created a jacket that is a great solution for people working in highly active job roles in sub-zero temperatures. For more information on this NEW innovative insulation, please click [here](#)
- Certified to EN342 2017 standards, with class 1 breathability.
- BreathEasy is an area centre back of the jacket that helps regulate the body temperature, keeping the wearer more comfortable.
- Endurance Fabric is a NEW strong and durable fabric designed to increase the longevity of the jacket. We have used this fabric on the lower body and arms which are both high wear areas.
- Built in Voice-pick pocket & loops provides a jacket that is up-to-date with the latest picking systems.
- High fleeced collar provides great comfort and protection from the cold
- Glove cuffs offers additional protection from the cold for your hands and wrist, whilst ensuring there is no area where the cold can reach the wrist.
