

# FlexiTog®

wear it. **warm.**

Experts in low & **sub-zero** temperature workwear

## ENDURANCE ACTIVE TROUSERS

A lightweight, breathable and very comfortable trouser designed for active workers

### Low waist

Through customer feedback, we have brought the height of the waist lower to increase comfort when wearing a jacket. Great benefit for warehouse pickers!

**EN342**  
**0,518 (B) X,1,X**

A new innovative fabric designed for maximum strength and wear placed at the bottom of the legs to increase longevity of the garment

**Clo**<sup>®</sup>  
Insulation

Clo Insulation provides great comfort & warmth whilst being lightweight and non-bulky

### Seam Protection

Protecting areas of high wear is essential so we have covered the outside seam with Hi-Viz fabric for extra protection

### NEW Leg length adjustment

Need longer legs? With our new unique feature, you can now adjust the leg length to your desire - no need to make a special sized garment!

**SIZES: XS -6XL | SKU:X28T**

The Endurance Active Trouser is lightweight, breathable and very comfortable - what else do you need for a high activity role when working in a freezer?! Endurance fabric on the lower leg, together with our turned up inside leg feature brings to the coldstore market a very durable trouser

### Additional Information

Knee Pad pockets used in combination with our XK1 Knee Pads • Back-to-front Button prevents the button from being caught • Deep front pockets great for storing pens, pencils and valuables!
