DESCRIPTION

Providing people working in sub-zero high activity job roles with a perfect solution.

Lightweight, breathable & highly durable along with a NEW integrated Voice Pick feature, this jacket is a pleasure to work in. Incorporating Clo Insulation Vivo technology, the Endurance Active Jacket keeps the wearer at optimum temperature, even when highly active.

Defence Technology This garment uses Clo Insulation an specialist materials so that it can withstand 30 washes without losing it's thermal performance. Find more about [Defence Technology here](#).

- Manufactured in Europe
- Vivo Teknica insulation increases the breathability up to 30% providing a perfect balance between warmth and breathability. By using this insulation in high sweat areas, we have created a jacket that is a great solution for people working in highly active job roles in sub-zero temperatures. For more information on this NEW innovative insulation, please click [here](#)
- Certified to EN342 2017 standards, with class 1 breathability.
- BreathEasy is an area centre back of the jacket that helps regulate the body temperature, keeping the wearer more comfortable.
- Endurance Fabric is a NEW strong and durable fabric designed to increase the longevity of the jacket. We have used this fabric on the lower body and arms which are both high wear areas.
- Built in Voice-pick pocket & loops provides a jacket that is up-to-date with the latest picking systems.
- High fleeced collar provides great comfort and protection from the cold
- Glove cuffs offers additional protection from the cold for your hands and wrist, whilst ensuring there is no area where the cold can reach the wrist.
