Certification 1: EN 342:2017
0.414 (B) 1 X

Updated On: 08/06/2022

DESCRIPTION

The Endurance Active Trousers are lightweight, breathable and very comfortable - everything you need for a high activity role when working in a freezer!

The Endurance fabric on the lower leg brings a very durable trouser to the cold store market, and the low waist level avoids having too many layers of insulation beneath your jacket which is perfect for high activity job roles.

Defence Technology. This garment uses Clo Insulation an specialist materials so that it can withstand 30 washes without losing its thermal performance. Find more about [Defence Technology here](#).

- Manufactured in Europe
- Certified to EN342:2017 standard, with class 1 breathability.
