

# DEEP FREEZE SALOPETTES X33S

Deep Freeze Salopettes, the perfect coordinating garment for the X33J Freezer Jacket

**Clo\***  
Insulation

## Durability

The X33S uses hardwearing, colourfast fabric for maximum longevity and dark colours in high wear areas to prevent stains. The fabric is turned up on the inside of the leg for extra durability.

## Comfort

Featuring an elasticated back and adjustable straps for an extremely comfortable fit. The high front provides extra warmth in extreme conditions.

## Warmth

These salopettes use a dual 150g layer of Clo Insulation to give a combined 300g weight, and have undergone performance tests in temperatures down to -80°C to prove their warmth.

Use with **X33J** jacket

Sizes: **XS - 6XL** | Order Code: **X33S**

HTY2 fabric™ • Anti-rot thread • Outer pockets • OptiZip BS3084 zipper • Bar tacked for extra strength • Velcro shoulder strap adjustment for comfort and ease of use

## Typical Application

Typically used by drivers who work in the deep freeze. These salopettes are suited to lower activity job roles with dual layers of insulation and the high front for maximum protection.

**Important!** Certification for this product is only valid when worn with a corresponding / certified jacket

Please ensure you read the User Guide (which can be found on the product page on our website) for full details on recommended temperature, activity and time before using this product.
