

## ACTIVEFLEX FACE MASK FM5

This washable and re-usable mask is tested to 30 washes, reducing the need to keep buying disposable masks

**SKU: FM5**

This double layer, reusable face mask is made from cotton and polyester and has elastic ear loops. It is fully washable meaning that it reduces the need to keep buying disposable masks and there is a 100% reduction in waste. Although these masks are not medical masks, they offer a physical barrier which has been tested and offers protection from inhaling bacteria.

This mask is a 'one size fits all' product.
