

## WATER-RESISTANT ICE MITT 660

A freezer mitten with a leather waterproof palm to give you added protection when working in chiller and freezer environments.  
Fantastic protection from windchill in driving applications

### Warmth

Hollowfibre insulation traps more air for better warmth and no extra bulk.

### Durable

Raw hide leather back and wear patches add protection and reduce wear and tear while the waterproof palm is stronger and repels water increasing the life of the glove.

### Comfortable

Featuring a wing thumb design and an open gauntlet cuff which easily fits over jacket cuff reducing cold draughts.

Sizes: **M - XL** | Order Code: **FG660** | Qty: **Pack (6) Box (60)**

CE CERTIFIED Manufactured to European standards • Multiple sizes, giving you more options ensuring maximum comfort

### Typical Application

For use in the cold store, this glove is ideal for forklift drivers who require a high level of warmth and where flexibility is not required.
