

MAXIM 625

A great style freezer mitten with quick finger access for tasks requiring manual dexterity

Durability

Water resistant palm with a dual layer of leather for maximum protection and durability.

Flip Top

With the warmth benefits of a flip top mitten this glove also has quick finger access for dexterity. For a great combination, wear with the FG440 liner glove.

Warmth

Hollowfibre insulation traps more air for better warmth without extra bulk.

Sizes: **L** | Order Code: **FG625** | Qty: **Pack(6) Box (60)**

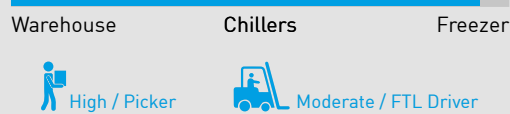

Adjustable straps • Canvas construction • Open gauntlet cuff • Manufactured to European standards

Typical Application

A unique glove design for forklift drivers, the flip top means that intricate tasks can be undertaken without sacrificing warmth between times.
